

PROPANE FOR CONSTRUCTION

SuperiorPropane.com/Construction

PROPANE CONSTRUCTION ADVANTAGES

Propane is construction-friendly and is used widely for a variety of everyday tasks, including flame cutting, powering generators or space heating and drying. It maintains its integrity over time and even in the coldest weather, it performs the way you need it. Propane delivers heat and power while reducing operating costs, emissions and environmental risk.

Direct or Indirect Fired Portable Heaters

Concrete Curing

Temporary Power

Propane Torches & Wagons

Roof Dryers

Hot Tar Kettles

Concrete Floor Saws

Ground Thawing Equipment

Air Compressors

SUPERIOR SOLUTIONS

From a preliminary site assessment to delivery and maintenance, Superior Propane takes care of everything for home builders, construction companies and commercial developers. We have the expertise to design, spec, install and supply customized systems to meet your site's demands. We also provide the equipment you need to get the job done. Trust Canada's leading propane supplier to keep your construction and development projects moving.

Superior Propane | Propane on the Go

PROPANE VS. DIESEL

	PROPANE	DIESEL
Fuel Cost ¹	Approximately 40% less expensive than diesel	Historically, 40–50% more expensive and transportation to remote sites can be significantly higher
Emissions	Reduces GHG emissions by 15% and emits 98% less particulate matter ²	Contains higher levels of GHGs, particulate matter and sulphur
Safety & Risk Management	Safe to transport and store long-term Vaporizes when released, eliminating the risk of contaminating water, ground or air	Risk of environmentally damaging spills and costly remediation Risk of fuel contamination from long-term storage
Equipment Performance	Burns cleaner for less wear and tear on equipment and longer service intervals to reduce maintenance costs and downtime	Does not burn as clean, leading to increased maintenance costs and overall higher operating costs

“[SUPERIOR’S SOLUTION] HELPS PCL DEMONSTRATE TO OUR CLIENTS WHY WE’RE A STRONG CONTRACTOR. THE TANKS [...] AND EFFECTIVE TEAMWORK ALL MOVE TOGETHER TO ENSURE THINGS ARE HAPPENING THE WAY WE WANT THEM TO.”

SCOTT SHARUN, PROCUREMENT MANAGER, PCL CONSTRUCTION
